

PETWARE POTTERY

ESTD *Handmade in Wisconsin* 1994

Handcrafted Pottery Designed For Pets

Every piece of Petware Pottery is handcrafted to order in our Wisconsin studio. Each design is hand decorated by artisans with the intention of conveying fun and playful whimsy. Because each piece is individually handmade, slight variation in design is intentional and to be expected. We do not use decals or transfers. The glazes, slips and underglazes we use are all lead-free and may be used in a microwave and dishwasher. Custom design services are also available upon request.

Call us to talk about your ideas!
